

**Go ahead. Tell your
specialists their coverage
is anything but special.**

Break it to them gently. Explain to your specialists at claims time that their coverage was selected based on inexpensive premium rather than rock-solid contract features. At MGIS, we design, market, and administer insurance products and services for physicians and physician groups. Period. And we've been doing it since 1969. For leading-edge coverage worth talking about, please contact Jack Kelly today at **800-238-4555**. Or you can reach MGIS by calling **1-800-969-6447** or logging on to **www.mgis.com**.

A free report – **Seven Questions Physicians and Administrators Should Ask Before Buying Group LTD Coverage** – is available for you at **www.jackkellyandcompany.com/physicians**.

Group Disability • Group Life

BUILT FOR PHYSICIANS

Since 1969, Medical Group Insurance Services (MGIS) has served more than 135,000 physicians, 8,000 physician groups, and 800,000 group members. We have designed specialized Group Long Term Disability coverage that can be layered on top of individual disability plans, with no offset or coordination of benefits. Additionally, it provides superior protection for the general specialty or sub-specialty in which you practice. Best of all, this group disability coverage may be available to you and your groups on a tax-free basis. To learn more, please contact:
